TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction,
and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by
the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all
other entities that control, are controlled by, or are under common
control with that entity. For the purposes of this definition,
"control" means (i) the power, direct or indirect, to cause the
direction or management of such entity, whether by contract or
otherwise, or (ii) ownership of fifty percent (50%) or more of the
outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity
exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications,
including but not limited to software source code, documentation
source, and configuration files.

"Object" form shall mean any form resulting from mechanical
transformation or translation of a Source form, including but
not limited to compiled object code, generated documentation,
and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object
form, that is based on (or derived from) the Work and for which the
editorial revisions, annotations, elaborations, or other modifications
represent, as a whole, an original work of authorship. For the purposes
of this License, Derivative Works shall not include works that remain
separable from, or merely link (or bind by name) to the interfaces of,
the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including
the original version of the Work and any modifications or additions
to that Work or Derivative Works thereof, that is intentionally
submitted to Licensor for inclusion in the Work by the copyright owner
```

or by an individual or Legal Entity authorized to submit on behalf of
      the copyright owner. For the purposes of this definition, "submitted"
      means any form of electronic, verbal, or written communication sent
      to the Licensor or its representatives, including but not limited to
      communication on electronic mailing lists, source code control systems,
      and issue tracking systems that are managed by, or on behalf of, the
      Licensor for the purpose of discussing and improving the Work, but
      excluding communication that is conspicuously marked or otherwise
      designated in writing by the copyright owner as "Not a Contribution."

      "Contributor" shall mean Licensor and any individual or Legal Entity
      on behalf of whom a Contribution has been received by Licensor and
      subsequently incorporated within the Work.

   2. Grant of Copyright License. Subject to the terms and conditions of
      this License, each Contributor hereby grants to You a perpetual,
      worldwide, non-exclusive, no-charge, royalty-free, irrevocable
      copyright license to reproduce, prepare Derivative Works of,
      publicly display, publicly perform, sublicense, and distribute the
      Work and such Derivative Works in Source or Object form.

   3. Grant of Patent License. Subject to the terms and conditions of
      this License, each Contributor hereby grants to You a perpetual,
      worldwide, non-exclusive, no-charge, royalty-free, irrevocable
      (except as stated in this section) patent license to make, have made,
      use, offer to sell, sell, import, and otherwise transfer the Work,
      where such license applies only to those patent claims licensable
      by such Contributor that are necessarily infringed by their
      Contribution(s) alone or by combination of their Contribution(s)
      with the Work to which such Contribution(s) was submitted. If You
      institute patent litigation against any entity (including a
      cross-claim or counterclaim in a lawsuit) alleging that the Work
      or a Contribution incorporated within the Work constitutes direct
      or contributory patent infringement, then any patent licenses
      granted to You under this License for that Work shall terminate
      as of the date such litigation is filed.

   4. Redistribution. You may reproduce and distribute copies of the
      Work or Derivative Works thereof in any medium, with or without
      modifications, and in Source or Object form, provided that You
      meet the following conditions:

      (a) You must give any other recipients of the Work or
          Derivative Works a copy of this License; and

      (b) You must cause any modified files to carry prominent notices
          stating that You changed the files; and

      (c) You must retain, in the Source form of any Derivative Works
          that You distribute, all copyright, patent, trademark, and
          attribution notices from the Source form of the Work,
          excluding those notices that do not pertain to any part of
          the Derivative Works; and

      (d) If the Work includes a "NOTICE" text file as part of its
          distribution, then any Derivative Works that You distribute must
          include a readable copy of the attribution notices contained
          within such NOTICE file, excluding those notices that do not
          pertain to any part of the Derivative Works, in at least one
          of the following places: within a NOTICE text file distributed
          as part of the Derivative Works; within the Source form or
          documentation, if provided along with the Derivative Works; or,
          within a display generated by the Derivative Works, if and
          wherever such third-party notices normally appear. The contents
          of the NOTICE file are for informational purposes only and
          do not modify the License. You may add Your own attribution
          notices within Derivative Works that You distribute, alongside
          or as an addendum to the NOTICE text from the Work, provided
          that such additional attribution notices cannot be construed
          as modifying the License.

      You may add Your own copyright statement to Your modifications and
      may provide additional or different license terms and conditions
      for use, reproduction, or distribution of Your modifications, or
      for any such Derivative Works as a whole, provided Your use,

```
127        reproduction, and distribution of the Work otherwise complies with
128        the conditions stated in this License.
129
130     5. Submission of Contributions. Unless You explicitly state otherwise,
131        any Contribution intentionally submitted for inclusion in the Work
132        by You to the Licensor shall be under the terms and conditions of
133        this License, without any additional terms or conditions.
134        Notwithstanding the above, nothing herein shall supersede or modify
135        the terms of any separate license agreement you may have executed
136        with Licensor regarding such Contributions.
137
138     6. Trademarks. This License does not grant permission to use the trade
139        names, trademarks, service marks, or product names of the Licensor,
140        except as required for reasonable and customary use in describing the
141        origin of the Work and reproducing the content of the NOTICE file.
142
143     7. Disclaimer of Warranty. Unless required by applicable law or
144        agreed to in writing, Licensor provides the Work (and each
145        Contributor provides its Contributions) on an "AS IS" BASIS,
146        WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or
147        implied, including, without limitation, any warranties or conditions
148        of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A
149        PARTICULAR PURPOSE. You are solely responsible for determining the
150        appropriateness of using or redistributing the Work and assume any
151        risks associated with Your exercise of permissions under this License.
152
153     8. Limitation of Liability. In no event and under no legal theory,
154        whether in tort (including negligence), contract, or otherwise,
155        unless required by applicable law (such as deliberate and grossly
156        negligent acts) or agreed to in writing, shall any Contributor be
157        liable to You for damages, including any direct, indirect, special,
158        incidental, or consequential damages of any character arising as a
159        result of this License or out of the use or inability to use the
160        Work (including but not limited to damages for loss of goodwill,
161        work stoppage, computer failure or malfunction, or any and all
162        other commercial damages or losses), even if such Contributor
163        has been advised of the possibility of such damages.
164
165     9. Accepting Warranty or Additional Liability. While redistributing
166        the Work or Derivative Works thereof, You may choose to offer,
167        and charge a fee for, acceptance of support, warranty, indemnity,
168        or other liability obligations and/or rights consistent with this
169        License. However, in accepting such obligations, You may act only
170        on Your own behalf and on Your sole responsibility, not on behalf
171        of any other Contributor, and only if You agree to indemnify,
172        defend, and hold each Contributor harmless for any liability
173        incurred by, or claims asserted against, such Contributor by reason
174        of your accepting any such warranty or additional liability.
175
176     END OF TERMS AND CONDITIONS
177
178     APPENDIX: How to apply the Apache License to your work.
179
180        To apply the Apache License to your work, attach the following
181        boilerplate notice, with the fields enclosed by brackets "{}"
182        replaced with your own identifying information. (Don't include
183        the brackets!)  The text should be enclosed in the appropriate
184        comment syntax for the file format. We also recommend that a
185        file or class name and description of purpose be included on the
186        same "printed page" as the copyright notice for easier
187        identification within third-party archives.
